

How the Idaho Hazardous Materials/WMD Incident Command and Response Support Plan Works

- ✓ **Local jurisdiction determines if it is a Hazardous Materials/WMD Incident**
- ✓ **Incident Commander notifies local dispatch who in turn notifies State Communications at 1-800-632-8000 or 208-846-7610.
(Incident Commander or representative may notify State Communications directly)**
- ✓ **State Communications notifies Communications Moderator -
Bureau of Homeland Security Haz Mat Duty Officer and DEQ
Environmental Coordinator**
- ✓ **Communications Moderator sets a time for conference call. Typically within
ten (10) minutes of initial notification.**
- ✓ **Initial conference call will include: Communications Moderator (BHS),
Environmental Coordinator (DEQ), Incident Commander (or other local
representative), Regional Response Team member, Health District
representative.**
- ✓ **Call will determine type and scope of incident, assistance needed, and
classification by consensus of all parties on call.**
- ✓ **If other assistance or advice is requested or required, second conference call
time may be set with additional parties.**
- ✓ **State Communications performs incident notifications depending on
classification.**

**SEE IDAHO HAZARDOUS MATERIALS/WMD INCIDENT COMMAND &
RESPONSE SUPPORT PLAN FOR EXPLANATION OF CLASSIFICATIONS,
NOTIFICATIONS, AND AVAILABLE ASSISTANCE.**
